Mrs. Bueno mentioned that if the contract would be merging with other school sites, how will RPH be differentiated now.. Agreed with Trujillo about fearing that the school culture and behaviors suffering.

Ms. Paige explained the changes in the contract and assured them that the high expectations would still be in play, also, how the existing rules would remain in place, and the staff would continue to teach “The Richardson way”.

Parents all contributed thoughts and comments about these changes along with concern as to what parents were informed or included in the decision making/changes.

Ms. Paige explained that the parents chosen (or not) were not up to the site leaders or school staff.
